EDUCATION

Toronto Metropolitan University | Bachelor of Interior Design

? Selected for public exhibition at TMU School of Interior Design Year End Show 2023 - Meditation at SID

? Selected for public exhibition at TMU School of Interior Design Year End Show 2023 - Ascension

TECHNICAL SKILLS

Tools / Programs: Rhino 8, AutoCAD, Revit, Blender, Enscape, Twinmotion, Adobe Illustrator, InDesign, Photoshop, Affinity

Certifications: WHMIS 1 & 2

DESIGN PROJECTS

??????? | Rhino 8, AutoCAD, Blender, Illustrator, InDesign

? Designed an accessible home renovation for an elderly couple, creating spaces that supported independence, comfort, family connection, and everyday living.

? Developed private living and communal spaces with a focus on accessibility, circulation, and long-term usability, while staying true to their family's way of life.

Adolescent Escape | Rhino 8, Blender, Illustrator, InDesign

? Designed a youth-focused wellness and support centre fitted with private consultation rooms, quiet study halls, lounge areas, and community-driven spaces.

? Developed floor plans, sections, elevations, spatial zoning strategies, and detailed renderings highlighting safety, mental well-being, social interaction, and community.

Swivel Storage | Rhino 8, Illustrator, Blender

? Designed and fabricated a flexible side table using reclaimed wood materials, with a focus on sustainability, adaptability, and compact living solutions.

? Developed rotational storage mechanisms, material studies, and iterations to balance functionality, ergonomics, and minimal spatial and environmental footprint.

Porsche Reimagined | Revit, Enscape, Illustrator, InDesign

? Reimagined a 2,869 sqm existing dealership into a hospitality-driven showroom with retail, office, customer, and staff areas.

? Developed floor plans, sections, elevations, and 3D rendered views connecting brand identity with functional space planning.

EXPERIENCE

Design and Construction Intern | PAW Construction July 2024 - Mar 2025

? Collaborated with contractors to ensure building accuracy to technical drawings, schedules, and safety standards.

? Read and interpreted technical drawings to assist in spatial planning.

? Assisted with on-site construction tasks such as demolition, framing, waterproofing, and installations for residential clients.

Barista | Starbucks Canada 2021 - Present

? Prepared hand-crafted beverages for customers with a focus on accuracy, efficiency, and beverage presentation.

? Assigned with training new hires through barista routines, responsibilities, and expectations.

? Continual collaboration with colleagues to ensure a smooth and efficient workflow between Starbucks partners and customers.

? Prepared customer orders within time constraints in multiple order channels.
